

LIMITED WARRANTY

NuWhirl Systems Corp. ("NuWhirl") warrants to the original purchaser that all products will be free of material defects in materials and workmanship for a period of

- Ten (10) years in the case of pumps and heaters used in residential applications;
- Five (5) years in the case of non-plated plastic fittings used in all applications;
- One (1) year in the case of all other products including, without limitation, air blowers, electronic controls and lights, and plated plastic fittings used in all applications and pumps and heaters used in commercial applications;

in each case, beginning on the date of purchase. This warranty may not be transferred or assigned to anyone other than the original purchaser.

In the event of any such defect, NuWhirl may, in its sole discretion, repair or replace the defective product or refund the purchase price thereof.

To obtain warranty service, purchaser must return product to NuWhirl during the warranty period. NuWhirl will pay the freight costs for the return of any products for warranty service. Purchaser is responsible for all other costs incurred in obtaining warranty service, including, without limitation, all cost of removal and reinstallation of product. Purchaser is responsible for all freight costs for return of products not covered by warranty or returned for reason other than warranty service.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

NUWHIRL'S LIABILITY, IF ANY, WHETHER ARISING FROM BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, INDEMNITY, STRICT LIABILITY OR OTHER TORT, OR OTHERWISE WITH RESPECT TO ITS PRODUCTS IS LIMITED TO AN AMOUNT NOT TO EXCEED THE PRICE OF THE PARTICULAR GOODS OR SERVICES GIVING RISE TO THE LIABILITY. IN NO EVENT SHALL NUWHIRL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, WATER DAMAGE TO STRUCTURES OR OTHER PROPERTY.

The foregoing warranty shall not apply to any product which:

- has been damaged by or subject to negligence, abuse, misuse, misapplication, improper installation, alteration or modification, chemical corrosion, or improper maintenance;
- has been used in a manner contrary to written instructions supplied with the product;
- has been altered or repaired by anyone not either an authorized representative of NuWhirl or at the direction of such a representative;
- is due to normal industry color variation;
- has had the model identification or serial number removed, defaced or altered; or
- requires repair or replacement due to wear and tear, including, without limitation, worn-out motor brushes.

There will be a charge for replacement or service if products are returned for any of the reasons listed above and purchaser will be responsible for all freight costs.

Products, systems, components and fixtures not supplied or manufactured by NuWhirl may be installed in connection with NuWhirl products. NuWhirl makes no warranty with respect to such products, systems, components and fixtures.

NuWhirl does not perform and does not warrant the installation (including, without limitation, plumbing and electrical hookup) of NuWhirl products or any other products, systems, components or fixtures installed in connection therewith and is not responsible and accepts no liability therefore.

NuWhirl reserves the sole authority to make any type of warranties or representations concerning NuWhirl or its products. This warranty cannot be modified except in a writing signed by an authorized officer of NuWhirl. NuWhirl will not be responsible for any warranties or representations made by any third party, including dealers, retailers, distributors, or contractors.

HYDRO LIGHT Installation and Operation Manual

INSTALLATION INSTRUCTIONS

1. Drill a 2-3/4" diameter mounting hole at the desired location in the tub.
2. Apply a bead of silicone sealant to the flange of the Hydro Light body and insert into the hole. (NOTE: It is recommended to remove the lens from the assembly for this step to avoid gluing the lens to the assembly/tub.) Clean off any excess silicone from around the flange and reinstall the lens.
3. Assemble the nut to the body and tighten "Hand-Tight".
4. Glue the 1" water lines into the sockets. (If using 1" vinyl tubing, install adapters first.) The light may be fed from one side only, and the other side plugged if required for the particular plumbing configuration.

OPERATING INSTRUCTIONS

1. The light will automatically illuminate when the whirlpool system is running, no independent controls are provided.
2. The light will slowly scroll through 7 different color combinations over approximately a 10 minute period and then repeat.
3. The light needs full flow to illuminate brightly. If the bathtub is equipped with a flow control device, the light will not appear as bright with reduced water flow.

CARE AND CLEANING INSTRUCTIONS

1. The lens of the light is removable for cleaning by removing the two screws on the face of the light. The lens can be cleaned with soap and water, or run in the top rack of a dishwasher, if desired.
2. With the lens removed, the light assembly can be removed by pulling it straight out of the housing. Inspect the assembly and remove any debris such as stray hairs from the assembly. Replace the assembly by reinserting it into the housing, taking care to note that the semi-circular cutout is located towards the bottom of the tub (it will only go in one way, do not force it).
3. **IMPORTANT** - When reattaching the lens to the light DO NOT over tighten the screws! "Hand-Tight" is enough to secure the assembly, if too much force is used, it can strip out the holes and cause irreparable damage.
4. The light sources are high intensity LED lights. These lights are rated to last beyond the lifetime of the bathtub. They are not individually replaceable in the fixture, should any fail to illuminate, the light assembly needs to be replaced.
5. There are no user serviceable parts within the light assembly. For replacement or service of the light assembly, please contact the tub manufacturer or NuWhirl.
