Cable Drain

NuWhirl's Cable Drain operates the drain feature of a walk-in, soaker, or standard Whirlpool® bath and provides for safety overflow. It is conveniently operated by an "Easy Grasp" rotary knob.

Features and Benefits

Functional and Stylish Design Simple and reliable cable actuation with trim fittings of timeless contemporary design.

Durable Finish Electric chrome plated copper.

Easy to Operate The "Easy Grasp" knob with extension handle is easy to operate. Simply turn the knob to open/close the tub drain.

Fast Draining The overflow port provides pressure relief to ensure fast and efficient tub draining.

Easy Installation Installed using threaded retainers.

In Stock Same day shipping upon request.

Exceptional service support: Cable Drains are supported by the best engineering, sales and customer care in the Whirlpool Bath industry.
