THE BEAUTY OF WATER.
THE SCIENCE OF RENEWAL.

Let **CozyHeat** surface heaters transform your home bathtub into a luxury spa experience!

CozyHeat by NuWhirl

Easy to Install. Prep tub surface with a wire brush. Peel off the adhesive backing. Press or roll on heating blanket. Our heaters can be embedded in the wall of the tub or adhered to the underside surface.

Easy- to-Operate electronic controls offer choice of TOUCHSTONE standalone power supply or fully integrated supply. Available for any tub configuration, CozyHeat integrates with all other hydrotherapy options. Flexible temperature settings available, all under software control.

Easy to purchase. Always in stock. Superior customer care. Backed by industry leading warranty.

“Soothing, heated tub surfaces eliminate chills and creates a calming oasis. ”

Terry, Verified Tub owner
