

AIR MASSAGE

Featuring
CYCLONE
AIR BLOWERS

Complete Solutions

With an extensive line of blowers that are quiet and efficient, a wide variety of air injectors that are easy to install, and a comprehensive line of customizable controls, be confident NuWhirl offers the best solutions for your bath products.

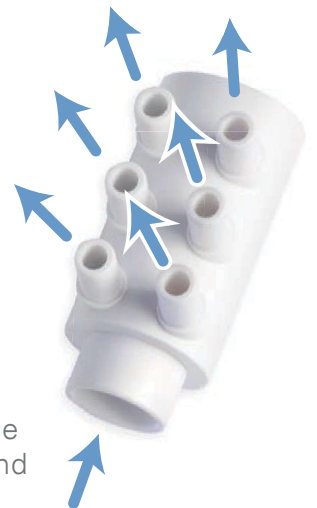

Broad Product Variety

Select from a wide-range of Air Injector styles.

Easy Installation

with NuWhirl's durable Multi-Port Manifold and Check Valves.

Our **AIR MASSAGE** systems provide seamless integration with NuWhirl's TOUCHSTONE® Electronic Controls. Provide your customers peace of mind thanks to an automatic dry-cycle that naturally sanitizes the system in between baths. Inject warm bubbles into the water by selecting one of our powerful blowers with optional built-in heater.
