TOUCHSTONE™ Master Keypads

Available in both Master Bath Controller and Dual-Load Controller Models

NuWhirl's TOUCHSTONE master keypads offer all-in-one control over feature-rich bathtubs. Manufacturers can more simply and cost-effectively give bathers a way to operate NuWhirl's jets, air blowers / pumps, lighting, and Infusion® Microbubble Therapy. The "master bath" model also activates our CozyHeat surface heaters, ensuring a chill-free bathing experience.

Features and Benefits

Simple Installation Eliminate the need for and cost of additional switches and wiring.

Ease of Use Offer bathers an attractive and uncomplicated way to adjust tub features.

Customizable Artwork Select the graphics and colors for the keypad's LED backlights.

Intensity Controls Provide "plus" and "minus" buttons for a personalized bathing experience.

Infusion® Microbubble Therapy Activate to infuse bathwater with micro-sized, oxygen-rich bubbles.

Surface Heaters Turn on CozyHeat to warm the tub's surfaces (available in the "master bath" model).

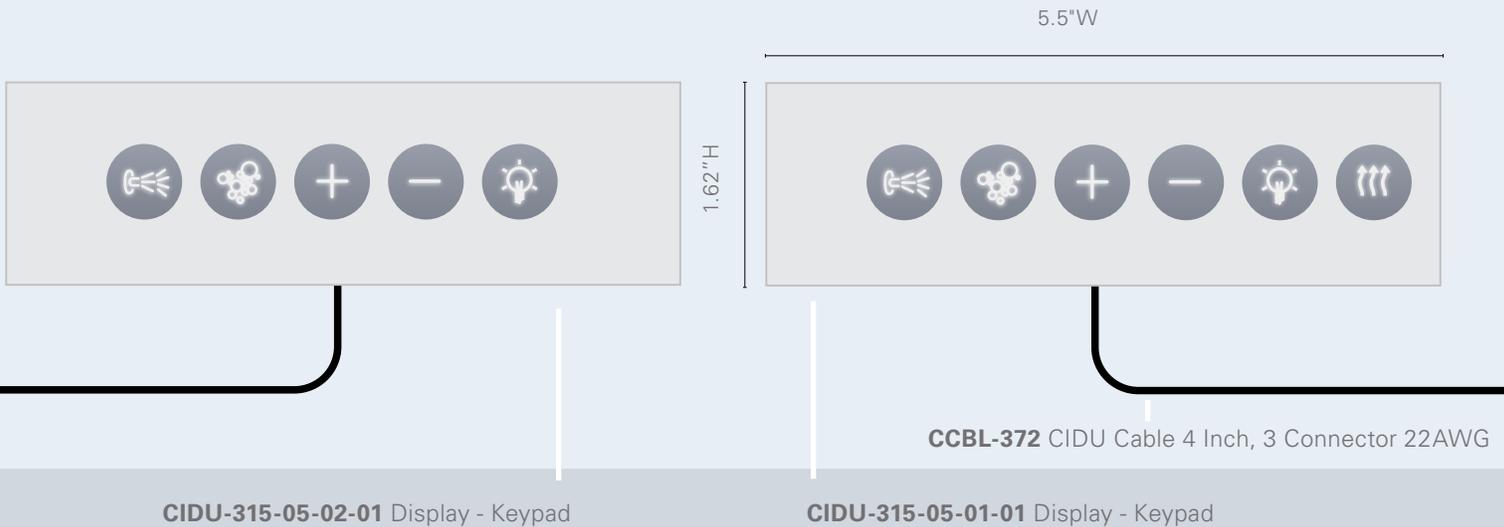

Immediate Availability Products in stock. No minimums. Expedited order processing available upon request.

Exceptional Service NuWhirl supports its products with the best engineering, sales, and customer care in the whirlpool bath industry.

Exceptional service support: TOUCHSTONE Controls are supported by the best engineering, sales and customer care in the Whirlpool Bath industry for over 25 years.
