Twist n' Flow

VARIABLE FLOW / SUPERIOR VALUE

- NuWhirl's **Twist n' Flow** is an innovate, yet simple system which allows bathers to easily adjust the flow of water while in the tub.
- **Twist n' Flow's** adjustable waterflow improves the bathing experience by offering user preferred settings. Have it the way you want it!
- When used in conjunction with NuWhirl's proprietary wet end with its 6-blade impeller design, **Twist n' Flow** is more effective than other products on the market.
- **Twist n' Flow** delivers a superior value as it is a more cost effective way to offer "variable water flow" to your customers.
- NuWhirl's **Twist n' Flow** offers simple installation with its simple design.

To order the **Twist n' Flow** assembly (shown above) use part number **TF-xx**. For color choice, replace **xx** with the **2 digit code** shown to the right (ex: For **Twist n' Flow** in Bone, order part number **TF-02**).
